BIO CHINA Global Forum

2025.06.15 Boston · USA

About BIOCHINA Global Forum

The BIOCHINA Global Forum, an international brand launched by BIOCHINA, embraces the theme "Together for Innovation" to enhance global engagement. This past June, the Forum gathered 200 international attendees and exhibitors from numerous countries at its event in San Diego.

With events now held in key locations such as Boston, San Diego, and Seoul, the BIOCHINA Global Forum fosters local technology and industry exchanges through forums and networking opportunities. The Forum also provides global partners with valuable insights into the growth trends of China's biopharmaceutical industry, sharing expertise and promoting collaboration across the global bio-industry.

Scale 200 participants

Date June

Attendees C-levels from Chinese Biotech companies and CXOs
C-levels from upstream service providers
C-levels from international Biotech companies and MNCS

The BIOCHINA Global Forum provides a platform for connecting the entire industry chain of Chinese biopharmaceutical companies with global partners from the US, Europe, Korea, UAE and beyond.
