Global Forum

2025.09.12 Magok Industrial Complex, Seoul

About BIOCHINA Global Forum @Seoul

Participants

Participating Countries

The BIOCHINA Global Forum, an international platform launched by BIOCHINA, is built around the theme "Together for Innovation to foster greater global collaboration." This past June, the Forum successfully brought together 200 international participants from diverse countries in San Diego. **Now expanding to Seoul**, the BIOCHINA Global Forum continues to drive cross-border exchanges **between China and Korea**, focusing on advancing biotechnology and industry innovation. Through targeted forums and **networking opportunities**, the Forum not only promotes technology and **industry collaboration** but also provides valuable insights into the growth and **future trends of China's dynamic biopharmaceutical sector**. It plays a key role in facilitating knowledge-sharing and building partnerships, practicing relationship in the global bio-industry.

BIOTOUR @ Seoul

参访公司: ABL BIO

时间: 9月11日下午 (暂定)

地点: 456 Bongeunsa-Ro, Gangnam District, Seoul

关于ABL BIO

- 195.8亿CNS 今年最大合作, 与GSK 达成BD合作!
- 屡获MNC认可, 中国市场合作意愿强烈, 与药明生物, 天境生物, 金斯瑞均有合作
- 韩国最早布局双特异性抗体的生物技术公司, 其管线成为韩国首个本土biotech进入临床的双抗药物

参访行程

- 14:00-14:20 ◎ 公司介绍, 合作交流
- 14:20-14:50 ◎ 首尔实验室参观
- 14:40-15:00 ◎ 交流结束, 集体合影

Agenda Outline

09:00-09:30 Check In

09:30-09:40 Welcome

09:40-10:00 Opening Speech: China-Korea Biotech Industry Innovation and Development

Part 1: Antibody Drugs & XDCs: Innovations at the Forefront

- 10:00-10:20 Keynote Presentation: Next-generation antibody-based drugs at ABL Bio
Speaker: Weon Kyoo You, Head of R&D, ABL Bio
- 10:20-10:40 Keynote Presentation – Skin Responsive Peptide Technology for Dermatology and Skincare Products
Speaker: Janice Zang, CEO & President, N1 Life, Inc.
- 10:40-11:00 Keynote Presentation: Innovation in Commercial Production of Antibody
- 11:00-11:20 Keynote Presentation – Novel Topo1 inhibitors with a non-CPT core designed to specifically overcome resistance to current Topo1 inhibitors
Speaker: Qun Dang, President & CBO, Genuine Biotech

Part 2: Advances in Cell and Gene Therapy

- 11:20-11:40 Keynote Presentation
- 11:40-12:00 Keynote Presentation – Engineered Universal Tumor-Infiltrating Lymphocytes for Broad Spectrum Cancer Immunotherapies
Speaker: Meijia Yang, Founder and Chairman, NaviGen Bio
- 12:00-13:00 Lunch Time & Networking
- 13:00-13:20 Keynote Presentation: A- first-in-class disease-modifying cell therapy for osteoarthritis, currently nearing completion of Phase 3 pivotal studies in the U.S
Speaker: Seng-Ho Jeon, Chief Executive Officer, Kolon TissueGene
- 13:20-13:40 Keynote Presentation: bioPROTAC: a novel mRNA-based Targeted Protein Degradation Platform
Speaker: Jaehyun Choi, CEO, Genexine
- 13:40-14:00 Keynote Presentation: Accelerating China Market Entry: Cross-Border Clinical Trial End-to-End Solutions
- 14:00-14:40 Panel Discussion: CGT Innovation Transformation and Industrialization Strategy – KSGCT (Korean Society of Gene and Cell Therapy)
Moderator: SeokJoong Kim, CSO, GeneEdit
Panelist: Seong-wook Lee, CEO, Rznomics
Daewon Kim, CEO, ICM

Part 3: Innovation and Collaboration

- 15:00-15:40 Panel Discussion: Expanding Horizons: Global Strategies of Korea's Top Pharmaceutical Companies
Panelist: Chae Joon Lee, Chief Operating Officer, Ildong Pharmaceuticals
- 15:40-16:20 Panel Discussion: Expanding Horizons: Global Strategies of China's Top Pharmaceutical Companies
Moderator: LongRiver
Panelist: Livzon Pharmaceutical Group
LuYe Pharma
CSPC Pharma
- 16:20-17:00 Panel Discussion: Navigating the APAC Biotech Ecosystem: Cross-Border Partnership Strategies for Sustainable Growth
- 17:00-17:40 Panel Discussion: Building a Collaborative Biopharmaceutical Industry Ecosystem between China & South Korea (Sponsorship Available)
Moderator: David, CEO, UChem

18:00-20:00 Reception
